Swap Two Variables

```
temp = a
a = b
b = temp
```

```
a, b = b, a
```

Joining Strings

```python
s = ''
for color in colors:
    s += color

s = ''
for color in colors:
    s += color + ', '
s = s[:-2]
```

```python
s = ''.join(colors)

s = ', '.join(colors)
```
